14th Street Corridor Improvements - Fernandina Beach, Florida

Client: Nassau County Board of County Commissioners

Services Provided: Design, Permitting and Public Meetings

Value: \$ 1,400,000

Start/Completion: 2011-2012

McCranie & Associates was selected by the Nassau County Board of County Commissioners to design and permit the much needed improvements along 14th Street between Hickory Street and Atlantic Avenue. This 3/4 mile stretch of narrow 2-lane rural roadway will be improved by widening the travel lanes, adding a paved shoulder, adding turn lanes, adding curb & gutter, adding sidewalks and improving the drainage system. McCranie & Associates held two public meetings in order to receive public input. These public meetings encouraged public input. The project was expanded in order to provide left turn lanes at a critical intersection along the corridor. The design was completed in January 2012, with construction beginning in mid 2012.
